

# Sonik 70S

## Quick Sheet

Single Glazed Slimline  
Sliding Acoustic Doors

Think partitioning.  
Think Komfort.

# Sonik 70S Quick Sheet

**Sonik 70S** is Komfort's 28mm offset or pocket sliding acoustic glazed door, designed to be integrated within Komfort's Polar 30 and Polar 100 partitioning systems and for the ease of installation and future product maintenance. Ensuring acoustic insulation is maintained by an automatic drop-down seal and specially designed glazing gaskets. The top hung doors can be specified as a single or double sets with soft-close functionality as standard.
