Komfort offer a comprehensive balustrade, handrail and structural glass service suitable for stairs, ramps, atriums, bridges, walkways, balconies and terraces. Already highly experienced with glass installations for projects of all shapes and sizes, our dedicated specialist balustrade team offer a complete service package across the UK, operating from our Birmingham branch.

All of our post and rail, framed and frameless glass, structural and timber solutions are finished to the highest quality and are made to measure. Our full-service support includes everything from site survey and design drawings, through to manufacture and installation.

Off-site manufacture not only results in a factory finish but no on site cutting or welding means a quicker, cleaner, quieter and safer installation.

You should expect full compliance, low maintenance and a life of the building product across all of our systems.

If you would like to know more information regarding any of our balustrade and handrail products, contact balustrades@komfort.co.uk.

Think partitioning, think Komfort.
