* dependent on system configuration / specification

Sonik Slide is Komfort's acoustic pocket double glazed sliding door. This can be specified as a single or double door set within its own unique frameless glass partition. Sliding doors allow unlimited possibilities to divide spaces and offer intelligent space saving benefits.

System specification

This is a top hung system which has been designed to focus on ease of door installation and future product maintenance, whilst ensuring a high acoustic performance is maintained.

Our Sonik Slide system can accommodate a door weight up to 120kg and provides maintenance-free door operation.

Komfort's integral Sonik Slide doors are only compatible with the Polar 112 system, please contact our Technical team for further information.

Think partitioning, think Komfort.
