

Sonik 52

Quick Sheet

Minimal Double Glazed
Acoustic 44mm Doors

Think partitioning.
Think Komfort.

Sonik 52 Quick Sheet

Sonik 52 is Komfort's original minimal 44mm acoustic glazed door, designed to be integrated within all Komfort's partitioning systems and for the ease of installation and future product maintenance. The manufactured doorset can be specified as a single, hospital or double doorset with either lift-off hinges or with an offset pivot and floor spring.
